Furry Friends Food Relief Program started this outreach program in hopes to help stop the over population of animals in the shelters by helping owners at the beginning, when they may feel that they need to surrender their furry friend and do not know what resources are out there. We want pet owners to know that there is help out there, and hope that we can do all that we can to help keep their loved animals out of the shelters. We know that there sometimes isn't another alternative, we are hoping to help those in need and give them a sense of relief and hope. We assist struggling families and the homeless in the Contra Costa County with dog and cat food and other necessities such as new bedding, leashes, collars, clothing ect. Sometimes they may be behind in their shots and/or need to be spayed or neutered. We try to offer multiple services to these families so that they don't feel that they need to give up their loved one to the shelter.
